How to Build Friendships: Key Strategies

The foundation of strengthening relationships in Attack on Titan 2 lies in your interactions. Here's how to approach it effectively.

Dialogue Choices Matter

Throughout the story and during missions, you'll encounter opportunities to engage in conversations with other characters. The choices you make here influence your friendship points. Opt for responses that show empathy, understanding, and shared values.

For example, when talking with characters like Mikasa or Armin, choosing supportive and honest answers tends to increase affinity. Avoid dismissive or confrontational responses unless you aim for a more antagonistic relationship, which generally doesn't benefit gameplay.

Participate in Side Activities

Beyond the main storyline, side activities such as sparring sessions, training exercises, and casual hangouts are perfect chances to bond. These moments offer relaxed environments where characters open up, revealing more about their personalities and histories.

Engaging in these activities regularly not only boosts friendship levels but also grants unique rewards, including gear upgrades and special skills.
